

GK 11 Englisch Grun – Waste of Water

Tasks for the week 16.03. – 20.03.2020

Use the Internet to find out:

- What are the main reasons to waste water? (Please collect the information in a cluster or mind-map.)
- What can be done to reduce the waste of water in general? (Write down the information in keywords.)
- What can I personally do to reduce the waste of water? (Write down the information in keywords.)

Please, write down in your exercise book:

With which consequences would I be able to live well, which consequences would be a problem for me?

Write an article about the waste of water in the world and how the use of water could be reduced.
